The analyses are representative of those requested but the list is not all-inclusive. You should contact the lab at (307) 742-2984 for a price quote and sampling instructions prior to submitting samples.

Automotive Antifreeze	**Petroleum Fuels (gasoline, diesel fuel, kerosene, LP gas, natural gas,**	
Reserve Alkalinity	Ethylene glycol (qualitative)	Alcohol in gasoline
Water	Abrasive Material	BTU content of natural gas
Specific Gravity		Distillation
		Flash Point
		Lead in gasoline
		Sulfur
		Water and sediment
