

The ADMB Mission is to coordinate and implement an integrated animal damage management program, based on the best available science, for the benefit of human and natural resources throughout Wyoming. The ADMB was created by the 1999 Legislature and is administered by a 15 member (12 voting, 3 ex-officio non-voting members) board. It was established for the purpose of mitigating damage caused to livestock, wildlife and crops by predatory animals, predacious birds and depredating animals or for the protection of human health and safety.
