Re: Request for opinion concerning District's rulemaking authority

Dear Ms. Reints:

This office has received your April 18, 1997 letter requesting an opinion concerning the authority of conservation districts to promulgate rules and regulations. You have accurately cited the statutory provision defining the rulemaking authority of conservation districts, but because the District has not identified specific rules and regulations which it may wish to promulgate, the District's request for advice from this office may be premature. This office can better advise the District after the District identifies the specific areas in which it proposes to promulgate rules, and I therefore suggest that the District contact this office after it does identify the types of rules it desires to promulgate.

Thank you. I can be reached at (307)777-7970 if you have any questions concerning this matter.

Sincerely,
