

## Water Quality Grant Ideas

### Information & Education

- ❖ Newsletters
- ❖ Brochures / Pamphlets
- ❖ Booths
  - Farm & Ranch Days
  - County Fairs
  - Home & Garden Shows
  - Expo's
- ❖ Workshops
  - Small Acreage
  - Irrigation Management
  - Reclamation
  - AFO / CAFO
  - Rural Living
  - Septic / Solid Waste Management
  - Recreation
  - Lawn Water Management
  - Watershed Issues
  - Watershed Implementation Awareness
- ❖ Worldwide Monitoring Day
- ❖ Stormwater Management Plan Development Class
- ❖ Signs for BMP implementation projects
- ❖ BMP implementation tours

### Watershed Assessment & Planning

- ❖ SAP development and updates
- ❖ Water Quality Sampling
- ❖ Water Quality Monitoring
- ❖ Collection of baseline data
- ❖ Use Attainability Analysis
- ❖ Watershed Steering Committee
- ❖ Study design for re-suspension of streambed sediment for E. Coli
- ❖ Level 1 Watershed Study

### Best Management Practices

- ❖ Animal Waste Management
  - Corral relocations / modifications
  - Manure & pet waste management
  - Runoff diversions
  - Stock water developments

### Best Management Practices, continued

- ❖ River, Stream, and Pond restoration / reclamation projects
- ❖ Riparian area modifications
- ❖ Riparian buffers
- ❖ Fencing along riparian areas
- ❖ Streambank stabilization
- ❖ Stream beautification projects
- ❖ Herbicide / Pesticide/ Fertilizer Management
- ❖ Rain barrel use
- ❖ Back yard composting
- ❖ Permeable Pavers or Porous Pavement installation
- ❖ No-till drill reclamation
- ❖ Storm Drain Repair
- ❖ Pipeline Repair
- ❖ Septic Systems
  - Designs
  - Installations
  - Replacements

**Please visit WDEQ's Non-Point Source Planning and Grants page for documents and more information pertaining to Best Management Practices**
