President's Invitation

Another year has gone by and it is time again to gather for the 68th Weed and Pest conference. The conference will allow us to visit with old friends, meet new friends, and exchange with each other the things we have learned this season.

As this is the last year of my presidency I would like to thank all of the people that have helped this city boy through an experience that I will never forget. The last 3 years have seen us move through many changes, including a new Weed and Pest law and the retirement of a few well liked friends. At a multistate conference in I learned that Wyoming has by far the best Weed and Pest program of the mountain west and just maybe the United States. The other states hung on every word the Wyoming delegates had to say.

As one of my last acts as the President of The Wyoming Weed and Pest Council I would like to extend an invitation to all Weed and Pest Control Districts, and our cooperators, to come and participate in the 68th Weed and Pest Conference in Casper Wyoming this November.

Sollie Cochran
