- a. Your agency is required by W. S. 35-12-110(c) to provide this information.
- b. Please print or type.
- c. A letter providing all required information may substitute for this form.
- d. Use additional pages as necessary.
- e. Consider only the aspects of the project which are in your *agency's* area of expertise.

Name of Agency: **Wyoming Department of Agriculture**

This form was prepared by (name and title): **Chris Wichmann – Natural Resource and Policy Division Manager**

From the expertise of the agency, should the Industrial Siting Council *deny* a permit for the construction and operation of the project?

1. The agency has no reason to recommend denial of a permit. Check here **X**
2. The agency recommends denial of the permit. Check here ___ and provide reasons:

From the area of expertise within the agency, the Industrial Siting Council should consider the following as permit conditions on the construction or operation of the project (list):

The project is located on private lands within existing facilities. There are no foreseeable impacts to agriculture or agricultural practices within the project area.

If there are any changes to the project or project area, please notify us of these changes.

Describe the regulatory jurisdiction which your agency has over aspects of the project.

1. If no regulatory authority, then check here **X** and do not complete the remaining statements.
2. Regulation is by the following statutes:

3. Attach a statement of your agency's ability to regulate impacts of the project.
