The Wyoming Department of Agriculture is dedicated to the promotion and enhancement of Wyoming's agriculture, natural resources and quality of life.

January 25, 2011

Mr. James A. Cagney, Field Manager
Bureau of Land Management, Lander Field Office
PO Box 589
Lander, WY 82520-0589

Dear Mr. Cagney:

Following are the Wyoming Department of Agriculture (WDA) comments pertaining to renewal of grazing leases #4903677 on the Spriggs 57 Allotment and #4903661 on the Frank 28 Allotment by the Bureau of Land Management (BLM) Lander Field Office (FO).

Our comments are specific to our mission: dedication to the promotion and enhancement of Wyoming's agriculture, natural resources, and quality of life. As these proposed decisions affect our agriculture industry, our natural resources, and the welfare of our citizens, it's important you continue to inform us of proposed actions and decisions and continue to provide the opportunity to express pertinent issues and concerns.

The WDA appreciates the effort the Lander FO has devoted to authorizing livestock grazing in a timely and efficient manner. BLM allotments are an integral part of agriculture in the Lander area. It is important that permittees continue livestock grazing on these allotments to assist in maintaining economic viability for both producers and communities. In addition, livestock grazing represents irreplaceable environmental and social values, contributing to the preservation of open spaces, scenic vistas, and the traditional image of the historic rural landscapes of Wyoming. Maintaining open spaces provides habitat and less restrictive movement for wildlife than alternative land uses.

In conclusion, we support the continuation of livestock grazing on the analyzed allotments and look forward to continued cooperation on proposed actions and decisions.

Sincerely,

Jason Fearneyhough
Director
