The Wyoming Department of Agriculture is dedicated to the promotion and enhancement of Wyoming's agriculture, natural resources and quality of life.

December 15, 2010

Michael Phillips, Assistant Field Manager, Resources
Bureau of Land Management, Worland Field Office
P.O. Box 119
Worland, WY 82401-0019

Dear Mr. Phillips:

Following are the Wyoming Department of Agriculture (WDA) comments pertaining to the proposed decision to issue a Cooperative Agreement to authorize the excavation of a stockwater pit in the Middle Pasture of Castle Gardens Allotment #00008 by the Bureau of Land Management Worland Field Office (FO).

Our comments are specific to our mission: dedication to the promotion and enhancement of Wyoming's agriculture, natural resources, and quality of life. As this proposed decision affects our agriculture industry, our natural resources, and the welfare of our citizens, it's important you continue to inform us of proposed actions and decisions and continue to provide the opportunity to express pertinent issues and concerns.

The WDA appreciates the efforts of the Worland FO to improve livestock grazing management by responding to grazing permittees requests for range improvements. BLM allotments are an integral part of agriculture in the area and it is important to improve water sources on these allotments to assist in maintaining economic viability for producers.

In conclusion, we support the request to excavate a stockwater pit on the analyzed allotment and look forward to continued cooperation on proposed actions and decisions.

Sincerely,

Jason Fearneyhough
Director
