

### Statement of Reasons

The 2015 Wyoming Legislature created the Wyoming Bean Commission through W.S. §§ 11-50-101 through 11-50-108. The Wyoming Bean Commission is promulgating these rules pursuant to W.S. § 11-50-103(b)(xi)-(xii). Because the Commission is administratively part of the Wyoming Department of Agriculture, these rules shall be located within the Department of Agriculture's rules.

These new rules pertain to the dry edible bean assessment, collection, refund, operational procedures, and fee setting schedule for the Wyoming Bean Commission. These rules also contain auditing requirements and other obligations put forth by the Wyoming Bean Commission and the Wyoming Department of Agriculture as the administrator for the Commission.
