CEU NOTE FROM DEPARTMENT OF AGRICULTURE

The Wyoming Department of Agriculture will accept CEU's from most online training sources or other media avenues (such as videos, television courses or shows, etc.). In addition, keep track of attendance with agendas from marketing shows, ag dealer appreciation dinners, etc. The applicator will need to provide proof of attendance or course completion, agenda, and certification from another person who witnessed the applicator taking the course. As a general rule the department considers one hour of coursework equal to one CEU.
