

Basin Creek & Elk Creek Allotment Range/Watershed Monitoring & Health Assessment 2014 - Lincoln CD	US Forest Service	17,229 USFS,	\$20,000	\$11,140	Yes	4/1/17	Ongoing – Improve communication, analyze effects of resources including range and water resources for NEPA needs
South LaBarge Common Allotment Rangeland Monitoring Project 2014 - Lincoln CD	BLM	98,000 BLM, 8,300 State Lands, 5,100 Private, Total= 111,400	\$20,000	\$8,573.44	Yes	9/1/16	Ongoing - Improve communication and understanding of monitoring needs and techniques. One major outcome to date includes BLM reconsidering a mandatory 15% reduction over time. Due to outcomes and data BLM has rescinded this action
Big Greys RHAP 2014 - Star Valley CD	US Forest Service	22,171 USFS	\$17,999	\$6,995.50	Yes	2/28/18	Ongoing – Improve communications, determine current range and riparian conditions and trends, aiding in adaptive management and NEPA analysis
Dry Creek & Strawberry Creek Rangeland Monitoring Project 2014 - Star Valley CD	US Forest Service	24,236 USFS	\$20,000	\$7,510	Yes	2/28/18	Ongoing - Improve communications, determine current range and riparian conditions and trends, aiding in adaptive management and NEPA analysis
Beaver Horse Cooperative Monitoring 2015 - Sublette County CD	US Forest Service	21,719 USFS	\$4,722.08	\$4,044.16	Yes	2/1/16	Ongoing – Improve communications, provide a framework to monitor upland and riparian trends and annual use
Muddy Canyon Cooperative Monitoring 2015 - Sublette County CD	US Forest Service	4,510 USFS	\$6,832.80	\$2,401	Yes	2/1/16	Ongoing – Improve communications, data collection will include reading established upland trend sites and cooperatively selecting new sites to inform EA/EIS processes
Sherman Allotment Cooperative Monitoring 2015 - Sublette County CD	US Forest Service	16,345 USFS	\$12,989.84	\$7,065.46	Yes	12/31/15	Ongoing – Improve communications, data collected to inform permit renewal and annual planning. Collected data will also serve as baseline so rangeland trends can

							be determined
Hessie Lake – Henrys Fork & Red Castle Allotment RM 2015 - Unita County CD	US Forest Service	29,396	\$20,000	\$17,596	Yes	1/31/17	Ongoing – Improve communications, project will assist in fulfilling a lawsuit settlement and court order to collect data on these allotments to determine if livestock grazing will continue
Arapahoe Creek Common Allotment Rangeland Monitoring Project 2014 - UW Cooperative Extension	BLM	239,809 BLM, 14,966 State lands, 3,933 Private, Total= 258,708	\$20,000	\$8,868	Yes	1/31/19	Ongoing – Improve communications, project will assist in fulfilling a court decision mandating the collection of data within three years.
Granite Cattle & Horse Allotment 2015 - UW Cooperative Extension	US Forest Service	6,313 USFS	\$15,600	\$7,825	Yes	5/31/19	Ongoing – Improve communications, create a forage production analysis, identify possible range improvements, recently there was a 20% reduction with another 13% pending. Collected data will be used to inform the decision in 2018 of the 13% being considered
Camp Guernsey RHA North Training Area 2015 - Wyoming Military Department	State Lands & BLM	40,126 State Lands (WY Military), 3,789 State Lands, 1,356 BLM, 920 BOR Total= 46,191	\$20,000	\$6,000	UD	12/31/16	Ongoing – Improve communications, assessment is intended to calculate carrying capacities, develop veg. objectives, determine grazing practices, range improvements
Camp Guernsey RHA South Training Area 2015 - Wyoming Military Department	State Lands & BLM	18,072 State Lands (WY Military), 4,915 State Lands, 2,578 BLM,	\$20,000	\$6,000	UD	12/31/16	Ongoing – Improve communications, assessment is intended to calculate carrying capacities, develop veg. objectives, determine grazing practices, range improvements

		Total= 25,574					
Medicine Bow Conservation District Reclamation Project 2015 - MBCD	BLM, Nuclear Regulatory Commission, & Private	4,500 BLM, 2,550 Nuclear RC, 1,220 Private acres Total = 8,270	\$20,000	\$6,000	UD	12/31/18	Ongoing – Improve communications, initial monitoring to support decision process to return reclaimed mine project area to normal rangeland uses
Bridger-Teton National Forest Data Collection 2015 – Teton CD	US Forest Service	Total = 119,041 USFS	\$15,566.07	\$8,882.93	Yes	12/31/16	Ongoing – Establish and begin monitoring on each pasture in each active allotment on forest
Muskrat Open Monitoring Project 2015 - LWRCD	BLM, Office of State Lands, Private	98,959 BLM, 7,567 OSLI, 4,437 Private Total= 110,953	\$15,566.07	\$5,441.50	UD	12/31/17	Ongoing – Improve communications, collection of data to determine condition of rangelands, and determine the effects of increasing wild horse numbers on the range
Hoback C&H Allotment 2015 – Sublette County CD	US Forest Service	Total= 108,097 USFS	\$15,566.07	\$8,244.12	Yes	12/31/17	Ongoing – Improve communications, collect data to aid in NEPA and permit renewal, with a focus towards vegetation data
Conant Creek Monitoring Project 2015 - LWRCD	BLM, State Lands, Private	49,531 BLM, 2,813 OSLI, 5,362 Private Total = 57,706	\$15,566.07	\$4,952.50	UD	12/31/17	Ongoing - Improve communications, collection of data to determine condition of rangelands, and determine the effects of increasing wild horse numbers on the range
